

# TREBLEX<sup>®</sup>

## Solutions for Industry

**BRAKE & PARTS CLEANER:** Designed to quickly & safely dissolve & remove grease, oil and contaminants.

**BRAKE & PARTS CLEANER HEAVY DUTY:** Ideal for use in the heaviest industrial applications. Will remove grease, oil and other contaminants.

**BRAKE & PARTS CLEANER NON-FLAMMABLE:** Evaporates rapidly and completely & does not need to be washed off like degreaser products.

**CO2 CONTACT CLEANER:** Fast drying, non residual precision cleaner. Ensure equipment is turned off when applied.

**CONTACT CLEANER NON-FLAMMABLE:** Non conductive & contains no lubricants. Safe to use on powered equipment. Fast drying.

**ELECTRA CLEAN NON-FLAMMABLE:** Non conductive & can be used in all types of cleaning electric motors electrical equipment.

**HEAVY DUTY WD LUBE:** Superior penetration, lubrication and rust prevention. Dewatering capability & is extremely resistant to sea water & salt spray.

**HEAVY DUTY LANOLIN:** Natural product, anti-corrosion protection, general purpose lubricant.

**SILICONE LUBE PLUS:** Superior grade & high silicone content in this product gives it stronger film strength.

**MOLY CHAIN LUBE:** For use on chains, wire ropes, linkages, slides, rollers & winches. Extremely water resistant.

**SUPER SEAL SOFT SEAL WAX:** Corrosion inhibitor. Displaces water. Wax film will protect indoors & outdoors.

**TAC LUBE:** Heavy duty lubricant for use on chain drives, conveyors, gears, pulleys & open gears. Low fling off.
